What is Freemasonry?

Freemasonry is one of the world's oldest and largest fraternal societies. It provides a code of living in today's society based on moral and ethical standards.

Freemasonry is an organisation of men who strive to live by the fundamental principles of integrity, goodwill and charity. It is a non-profit organisation that is heavily involved in supporting charity and community service.

Freemasonry is an organisation that unifies men of high ideals, regardless of colour, creed or worldly status.

The first Grand Lodge was established in England in 1717 and thereafter Freemasonry spread rapidly throughout the world. Freemasonry has been practiced in Australia since the early 19th Century and it is thought that the first Freemason to set foot on Australia soil was Sir Joseph Banks, the botanist on Cook's voyage of discovery.
